

How is it going with...?

Trash Collection in Payne-Phalen

Community Information Meeting

July 30, 2019 * 6:30 - 8:00 p.m.

Arlington Hills Lutheran Church, 1115 Greenbrier Street, Saint Paul

The Payne-Phalen Community Council is hosting a community information meeting about the citywide Trash Collection System. Please join us to hear updates about the City's current system of trash collection from Chris Swanson of the City of St. Paul Public Works Department. Time will be made available for the public to ask questions, share your thoughts about what's working well so far, and *share your good ideas* about what improvements could be made in the future.

We need your help gathering good ideas and possible solutions!

If you can't make it but would like to share your thoughts and ideas anyway, please send them to District5@Paynephalen.org
